

PRIVATE HOME & LIFE MANAGEMENT

You've built a remarkable life.

We make sure it runs like one.

We are private home and life managers for discerning individuals, professionals and families in Birmingham and Huntsville. Not a task service — a trusted advisory relationship. We handle the planning, the coordination, and the execution so you can simply enjoy the life you've built.

PRIVATE HOME & LIFE MANAGEMENT

"I walked in after a two-week trip and everything was handled — the contractor was finished, the birthday party was planned, and dinner was in the refrigerator along with all the groceries. What a way to come home!"

PERSONAL PROJECT MANAGEMENT

"The backyard renovation had been on my list for two years. HUM had it scoped, scheduled, and underway within three weeks — without a single meeting on my calendar."

PERSONAL MOVE MANAGEMENT

"I had two personal priorities when I had to move to a new city for work: my children and my work. HUM handled everything else including getting the house ready for market, finding and meeting movers, and handling all the little details that go into moving. They were a god-send."
